HIGH SCHOOL
TO PLAY TODAYLocal Football Squad to Meet
West End Belgians
at Wells St.

A practice game with the West End Belgians has been arranged for the high school football squad, this afternoon. Coach Mueller is anxious to see the local team take part in a real game and has accordingly contracted for this afternoon's contest, which will be played on the Wells St. gridiron.

Friday afternoon saw the local team in the first scrimmage of the season, and although there are many kinks in the eleven that will stand straightening, Coach Mueller is well satisfied with the showing by the men.

A few minutes of signal practice was held after which the first squad was given the ball with orders to tear up the scrubs. The varsity lined up as follows: A. Paulson, left end; Montine, left tackle; Garg, left guard; Lambotte, center; Garg, right guard; Frechaut, right tackle; and Edgal, right end. In the backfield Seltzer held down the quarter back job, while Jones, Brady, and Arnt played the positions of left half, full back and right half back, respectively.

What seems to be one of the big problems of the new coach is to develop a forward passing combination that will prove successful. Although the first squad easily made gains on line plunging and end runs, any attempt at a forward pass was repeatedly spoiled and several times the scrubs succeeded in intercepting what should have been a successful pass.

With only two weeks remaining until the South Bend game, Coach Mueller is pushing the men to their limit and it is expected that this afternoon's game will go a long way in exposing the weak points of the team.

TO DISCUSS LEAGUE OF NATIONS

At the service Sunday evening at the First Christian church, the Rev. G. W. Titus will preach a sermon on the League of Nations. It is the most important subject before the world today and a large attendance is expected to hear it discussed from the local pulpit.

NOTICE

MISHAWAKANS ARE BANQUET GIVEN
BADLY INJURED TO SERVICE MENMr. and Mrs. Julius Jaster
and Mrs. Jontz Are in
Kendallville Hospital.

Mr. and Mrs. Julius Jaster, 126 E. Ninth st., Mrs. A. E. Jontz, 115 E. Seventh st., this city and Mrs. Jaster's sister and her husband from Elkhart were seriously injured Friday when the Jaster automobile turned turtle. Mrs. Jaster is the most severely injured. Mr. Jaster sustained several broken ribs and other injuries. Mrs. Jontz a broken wrist and leg and severe cuts. The Elkhart people also sustained bruises and cuts. They are in Kendallville where they are receiving attention at a hospital.

Telegrams were received in Mishawaka last evening notifying relatives here of the accident. Herbert Jaster, son of Mr. and Mrs. Jaster and A. E. Jontz left immediately for Kendallville.

GOVERNMENT BACON

IS STILL ON SALE

There is still bacon at the central fire station for those who care to purchase it at a saving of approximately 15 cents a pound. It is government brand and there is no question as to its quality. No less than 250 cans are on hand and the price is \$4.20 per can or at the rate of 35 cents a pound. Mayor Gaylor is anxious to dispose of the balance of this meat, and wishes people to know they can secure same at any time during the day and up to nine o'clock p. m. at the central fire station. The mayor has sold three tons of this bacon to more than 400 Mishawaka citizens and has not received a single complaint regarding the quality or condition of the meat. Unless that now on hand is sold within the next few days, the mayor will return it to the government which sells the meat on 10 days credit. The time is now up, but the local supply will be held a few days longer so that citizens may take advantage of the offering.

ENDEAVORING TO LOCATE STALL

Chief Pfender has been asked by the U. S. S. Florida to locate Willard S. Stall of the marine corps who is supposed to live in Mishawaka. He enlisted at Paris Island on May 6, 1919. He left the Florida at the Boston navy yards without leave and has been classified as a deserter. The law regarding deserters has been revised and if Stall will deliver himself willingly to the marine authorities immediately he will not be charged as a deserter but will be classified as absent without leave and will be given a mild penalty.

Dr. J. B. Seaman, residence and office, 213 S. Main st., telephone, Mishawaka 117. 29130—Adv.

Methodists Honor 75 Soldier
Members of Congregation.
Interesting Program.

A most delightful banquet was held in the parlors of the Methodist Episcopal church, Friday evening, when over 75 returned soldiers who are members of the congregation were entertained by the Epworth league.

The affair was preparatory to the lowering of the beautiful silk service flag which has for two years hung in the choir loft of the church. This ceremony will take place next Sunday morning.

A most delightful dinner was served by the members of the Helping Hand Bible class. During the meal music was furnished by a five piece orchestra.

Following the dinner an interesting program was given. Among other things featured was an address by Rev. S. White of Bristol, Ind., piano solo by Herman Wilson, address by Rev. K. Carlson, vocal solo by Miss Hazel Harris and an interesting comedy, "The Sweet Family."

Besides these numbers there were numerous stunts that brought forth much applause.

SUNDAY SERVICES AT

MISHAWAKA CHURCHES

Following is the outline of worship to be held Sunday at the various Protestant and Catholic churches in the city:

MISHAWAKA PERSONALS

Mr. and Mrs. Floyd Wildermuth of Rochester, Ind., Mr. and Mrs. Ralph Norman of Macey, Ind., and Mr. and Mrs. Walter Kline of Laidlaw Highway, have returned from a week's motor trip to St. Louis, Mich. Phanor Howlett, 1025 Lincoln way W., leaves today for Evanston, Ill., where he will attend Northwestern university.

The Mothers' club of East Mishawaka was entertained Thursday afternoon by Mrs. Fred Peters, E. Third st. The afternoon was spent in sewing for the bazaar to be held some time in November.

The W. O. W. and the ladies' circle will join in a public unveiling of the monument in the cemetery in memory of dead members, Sunday afternoon at 2:30 o'clock.

Mr. and Mrs. C. W. Burton, 501 Edgewater dr., entertained at dinner Friday evening.

Miss Catherine Miller has gone to Hammond and Chicago to spend a week with relatives and friends.

AUTO ACCIDENT.

Willard Arney narrowly escaped severe injuries when he figured in an automobile accident last evening at the corner of Center st. and Lincoln way. Miss Marcelle Schellinger was coming east on Lincoln way and when at Center st. she turned her car to enter the driveway, Arney was going west and was unable to stop his machine and turned in order to avoid colliding with the Schellinger car. His machine skidded and he ran into a tree. The machine was badly damaged.

ENTERTAIN FOR NEWLYWEDS.

Mr. and Mrs. Harold McMillan, 111 Towle av., entertained at a 12 o'clock dinner yesterday in honor of Mr. and Mrs. Fred Pearson, of Joliet, Ill., who were recently married.

The Walther league of the St. Peter's Lutheran church will hold a pastry sale at Barnhardt's hardware store Saturday, Sept. 20, 1811 Adv.

Dr. T. A. Dugate, Mills Bldg. Phone 179. 1115—Adv.

Locate Bodies

of 98 Victims
of Texas Storm

CORPUS CHRISTI, Texas, Sept.

20.—Recovery of 98 additional bodies Friday along the north shore of Nueces bay brought the known dead as a result of Sunday's storm to nearly four hundred and caused fears that the total death toll might reach double that number.

The rising estimate of dead is based largely on conditions along the Nueces shore line, where there is much wreckage that has not been penetrated and under which it is believed there are many victims.

Compilations of figures at relief headquarters here showed an exact total of 386 known dead and with only a small percentage of additional identifications. All but possibly fifteen of these victims are believed to have been from Corpus Christi.

The list gave recoveries, followed by immediate burials, as follows: Sixty-nine bodies recovered and buried at Corpus Christi; 134 at White Point; 75 at West Portland; 11 at Sinton and Odem; eight at Rockport; five at Port Aransas; two at Aransas Pass and 22 at other points.

BOY MAY DIE AS RESULT

OF AUTOMOBILE COLLISION

Special to The News-Times: GOSHEN, Ind., Sept. 20.—The 14-year-old brother of Joseph Smith, who is employed by the Topeka Creamery company, will probably die from injuries received in an automobile accident Friday night. Joseph Smith and the boy were riding in the former's Overland when they collided with a tractor hauling a threshing outfit a few miles east of Goshen.

The force of the impact drove the tractor back more than three feet. The automobile was badly damaged. At the time of the collision it was dark and the road was narrow. The tractor was on the left hand side of the road.

WHEAT MAY ROT.

LINCOLN, Neb., Sept. 20.—Hundreds of thousands of bushels of wheat are on the ground in danger of rotting in western Nebraska, because elevators are already filled and because there is a shortage of railroad cars together with an embargo on wheat shipments to Omaha and Kansas City, according to information reaching Gov. Samuel R. McKelvie who announced he would appeal to the railroad administration to take steps to relieve the situation.

HELD PRISONER.

NEW ORLEANS, Sept. 20.—Bishop Jose. Pinol Batres of Pesti, Guatemala, who arrived here today, ill with fever, said he had been kept virtually a prisoner in Guatemala City because of plain talks in the church of San Francisco there on political, moral and social conditions in the republic. He said he was held two months before he obtained permission to leave the country.

The accompanying picture shows the protection afforded Galveston against the hurricane that is raging on the southeastern coast of Texas and has swept over Corpus Christi, damaging the city to the extent of millions of dollars and killing a number of its inhabitants.

ALL STREET CAR
EMPLOYEES OUT

Elkhart Railway Tied Up With
No Prospect of Quick
Settlement.

Special to The News-Times:

ELKHART, Ind., Sept. 20.—Every street car in Elkhart is now at a standstill. With the addition of the four men that have been operating Mayor Foster's Jackson st. line to the striking forces, every street car employee is out, and there is no prospect of an immediate settlement.

The striking men have announced that they have joined the Amalgamated Association of Street Car Employees through the Central Labor union. Prest Charles Steffen announces that he will not return to work until the union has been recognized and Marvin Stiver and W. E. Brown reinstated. Stiver and Brown were discharged by the street car company, supposedly because they were organizing a union among the men.

Supt. L. E. Hollas of South Bend, was in Elkhart Friday, but would make no statement for publication. Upon being asked the reason for the discharge of Stiver and Brown, he refused to discuss the matter.

Have Meeting. Shortly before noon Friday a conference attended by Mayor Foster, Supt. Hollas, Local Supt. Edward Nicholson, Sheriff Charles Sanford and Chief of Police Manning was held, but no one present at the meeting would make a statement. It is supposed police protection was assured the company in case of violence.

There has been rumor of strike breakers being brought by the company from South Bend to operate the cars. There are now 22 men striking.

The franchise granted the company contains a clause that states there must be continuous service and some effect on bringing the strike into effect unless a speedy agreement is reached.

THIRD STRIKE.

This is the third strike in Elkhart in the last two months. Of the other two, the moulders strike has been nearly settled, wherein they gained two of their four demands. The strike of carpenters of the city was entirely successful and they have now resumed work.

CONTINUE PROBE OF

MEXICAN OIL LANDS

WASHINGTON, Sept. 20.—Specific instances of the forfeiture of oil lands in Mexico were presented Friday to the senate foreign relations sub-committee investigating the Mexican situation, by C. H. Rathbone, New York, a director of the Tal Vex Oil company, engaged more directly in transportation than in oil producing but subsidiary to the Scottish-Mexican Oil company, an oil producing concern.

On the property of the Scottish-Mexican company, Mr. Rathbone told the committee, a Mexican organization, the Mexican National Oil company, had brought in one well producing about 30,000 barrels a day and was sinking another. The Mexican concern renounced the property under the terms of the different presidential decrees with provisions of which the different oil companies operating in Mexico at the advice of the state department have not complied.

WHEAT MAY ROT.

LINCOLN, Neb., Sept. 20.—Hundreds of thousands of bushels of wheat are on the ground in danger of rotting in western Nebraska, because elevators are already filled and because there is a shortage of railroad cars together with an embargo on wheat shipments to Omaha and Kansas City, according to information reaching Gov. Samuel R. McKelvie who announced he would appeal to the railroad administration to take steps to relieve the situation.

NON-UNIONISTS
TO BE HOUSED

(CONTINUED FROM PAGE ONE)

LACKWANA COMPANY

TO CONTINUE OPERATION.

By United Press. BUFFALO, N. Y., Sept. 20.—The Lackwanna Steel Co. has decided to continue its plant in operation in face of the strike scheduled for Monday.

Mayor Toomey has applied to Sheriff Bradley of Erie county and to Gov. Smith for help in case it should be needed to preserve order. "We anticipate trouble in the radical centers," the mayor said today.

Lackwanna has its share of radicals who have joined the unions, not because they favor the American Federation of Labor, but because they are looking for trouble.

William J. Griffiths, representing the A. F. of L. issued a statement to the workers today saying the strike of the men in the iron and steel industries will go into effect on Sunday night at midnight and asking all men employed in the iron and steel industries in Lackwanna and Buffalo to leave their work at that time.

The striking men have announced that they have joined the Amalgamated Association of Street Car Employees through the Central Labor union. Prest Charles Steffen announces that he will not return to work until the union has been recognized and Marvin Stiver and W. E. Brown reinstated. Stiver and Brown were discharged by the street car company, supposedly because they were organizing a union among the men.

REPORT STEAMER
SUNK IN STORM

Hulk Found in 40 Feet of
Water May Be Missing
Ship.

KEY WEST, Fla., Sept. 20.—The Spanish passenger steamer Valbanera, bound from Spain to Havana, and missing since the gulf hurricane, sank in forty feet of water after going aground in quicksand at Half Moon Key, reports received tonight stated. The fate of the passengers, said to number 300, and the crew has not been learned here.

Imbedded in quicksand under forty feet of water off Rebecca Shoals lighthouse, divers today found the bulk of a vessel believed to be the Spanish passenger liner Valbanera, which has been missing since the eastern portion of the Gulf of Mexico was swept by a hurricane ten days ago.

Divers Employed.

The divers, employed by the Cuban consul here after the sunken wreck was discovered by a United States coast guard vessel, reported that the name "Valbanera" could be made out clearly but no trace was found of the three hundred
